Description

The graceful curve of the Swell Planter reinvents the modern rectangular planter. Add multiples of the Swell and you instantly have a contemporary and dynamic element in your space. Beautiful enough to keep inside and strong enough to go outside, this durable, lightweight fiberglass container resists UV rays and scratches. It can be finished in a choice of our fade resistant marine grade paints or natural metal Fusion finishes that will age gracefully over time.

Shown above in 48"L x 14"D x 24"H Matte Black.
