Description

Available as either a planter or trash container the Edge is multi-purpose. Trash and recycle perfection, who says utilitarian objects have to be unattractive. Shown above in one of our Fusion finishes Brass and measuring 31"Lx17"Wx32"H with two waterproof and fiberglass liners (15 gallons) each. This size is the perfect capacity for medium to heavy traffic areas, when matched up with our Fusion finishes you have UV and graffiti resistance ideal for commercial environments. Constructed with heavy duty hand laid fiberglass and steel reinforcement the Edge will stand the test of time with a long life cycle.
